Our Story.

Eltham Cosmetic Clinic was founded in 2017 by registered nurse Amy, driven by a simple but powerful passion: to care for clients in the most ethical, holistic way possible.

What began with one nurse and that single belief has blossomed into a thriving team of twelve and counting, and a clinic that has become a much-loved institution in the Eltham community. Today, our team has the privilege of caring for more than 8,000 valued clients, many of whom have been with us for years and now bring their friends and family too.

We have grown, but we have never lost sight of the personal, caring approach we started with. We would love to welcome you.

OUR PROMISE TO YOU

WE LISTEN FIRST, ALWAYS

WE NEVER RUSH, AND WE NEVER PRESSURE

WE GIVE YOU HONEST, REALISTIC GUIDANCE

YOUR COMFORT, PRIVACY AND WELLBEING COME FIRST

Your Consultation.

A consultation is simply a relaxed, private conversation with one of our qualified practitioners. It is the starting point for everything we do, and it is all about you. There is no commitment on the day, just your chance to ask questions, share what is on your mind, and learn what your options might be, with absolutely no pressure to proceed.

A NOTE ON YOUR SAFETY

Our treating team will carry out a verbal medical assessment, take a full history, and run through a questionnaire with you, to make sure treatments of this nature are suitable, safe, and the best choice for you.

WHAT YOU CAN EXPECT

- 1 A WARM WELCOME**
You will be greeted by name and made comfortable in a private consultation room.

- 2 GETTING TO KNOW YOU**
Your practitioner takes the time to understand your concerns, your goals, and what matters to you. There are no silly questions here.

- 3 A PERSONALISED ASSESSMENT**
Your practitioner will carefully assess your skin and facial features and talk you through the options that may be suitable, in plain language.

- 4 A PLAN THAT FITS YOUR LIFE**
Together you will shape a personalised plan designed around your goals, lifestyle and budget. You decide what feels right, in your own time.

- 5 ALL YOUR QUESTIONS ANSWERED**
You will leave knowing exactly what to expect and what the next steps look like, if and when you are ready.

Consultations are completely confidential, and anything discussed stays between you and your practitioner.
